Pupil premium strategy statement 2023-2024

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year.

At Euler Academy we want all of our pupils to have the best possible opportunities within school and beyond to be the best they can be. Pupil Premium funding is used to enable this to happen and is targeted, based on current research and school assessment of need.

To ensure this happens we will:

- Adopt a whole school approach in which all staff, leaders and subject leaders take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve.
- Raise the profile of Pupil Premium children in school, and consider them in all we do, from curriculum design to wider opportunities including clubs.
- Act to intervene at the point need is identified.
- Support families to make sure children are in school every day.
- Make sure all children leave Euler fluent readers and mathematicians.
