Curriculum Map

Key Stage 1 - Autumn 1

Message from the teachers...

Welcome to our new curriculum map for Autumn 1. This half term is full of learning opportunities; we will be learning about the toys and how they've changed in history. In science we will be exploring humans and the body. We will be planning and designing prints in art. When taking part in music, the theme is keeping the pulse.RE the topic is focused on belonging and real-life scenarios. PE will be practising the fundamentals of PE and invasion games.

PSHE and Personal Development

	We will learn about and discuss...
Assemblies	• Personal care and safety essentials • World Gratitude Day • Hull Fair safety • World Mental Health Day • Halloween safety
Jigsaw Lessons	• The rights and responsibilities of your class and how these apply to being in the class. • That people's views are valued and can contribute to the Learning Charter. • How choices made are understood and can lead to consequences. • Feeling special and safe in your class.
RE Lessons	• Showing belonging and wearing a uniform. • How Christians show belonging and are baptised. • Promises are made at baptisms by parents and godparents. • How a cross is drawn on a baby's head at a baptism. • That a baptism is a sign of belonging to Christianity.

Our School Values

In Science we will learn about...

- different parts of the body and be able to point at these body parts.
- humans have the same body parts but recognises some differences.
- animals and humans use their senses to explore.

Books we will read include...

In Music we will...

- know that rhythm means a pattern of long and short notes.
- know that pulse is the regular beat that goes through music.
- Understand that the pulse of music can get faster or slower.
- Learn that a piece of music can have more than one section.

In Computing we will learn...

- about examples of technology in the classroom.
- how to use a mouse to click and drag.
- how to type on a computer.
- that a mouse is used to open programs and work files.
- how to keep safe when using technology.

The wider curriculum

We will be visiting our school library each week.

Reading will be sent home weekly.

Read along with your child.

In Art we will learn...

- how to apply the correct pressure to get a clear print without smudging.
- About creating patterns by printing using objects and more than one colour.
- That prints can be made using a variety of objects.

In History we will learn...

- that toys are sometimes electronic and made of plastic, wood, metal and fabric.
- About teddy bears that are a toy and were invented over 100 years ago.
- That computer consoles became popular in the 1980s.
- How some toys haven't really changed such as balls, skipping ropes and marbles.

In PE we will ...

- work on throwing and catching with accuracy.
- Perform activities for a sustained period of time.
- Be showing awareness of the space around us when throwing and catching.
- Work in collaboration with our peers.
